

Dur-A-Flex® - Advanced flooring systems meeting industry requirements.

Hangars

Aircraft maintenance is instrumental to our safety whether for commercial travel, military or private transport. Maintaining the hangar floor should not be as heavy a task and responsibility. Up to 5 times stronger

More than 40 years extensive field knowledge and the most advanced, tested and trusted epoxies, MMA and urethanes in the industry.

than concrete, Dur-A-Flex® flooring systems have been used and trusted among these sectors to reinforce durability by resisting tire marks and abrasion from such heavy equipment. The slip resistance also contributes to a safe working environment that is easy to keep bright and clean, enabling a professional presentation at all times.
