

Dur-A-Flex® - Advanced flooring systems meeting industry requirements.

Kitchens

Tasteful functional features make Dur-A-Flex® flooring systems perfect for kitchens in restaurants, fast food franchises, hotels, banquet facilities and all commercial based kitchens. Our specialized formulations can withstand

More than 40 years extensive field knowledge and the most advanced, tested and trusted epoxies, MMA and urethanes in the industry.

continuous thermal cycling from 32°F to 225°F without peeling or cracking. Resisting penetration of grease and stains increases the life of the floor and makes maintenance easy and manageable. Kitchen workers need to move quickly

so a slip resistant floor from Dur-A-Flex®, meeting FDA, USDA and HACCP guidelines, contributes to a safe and sanitary work environment.

Flooring Solutions for Kitchens

Dur-A-Flex® has the right flooring solution for your specific needs. Each area of your kitchen presents its own particular challenge. You need a floor system that

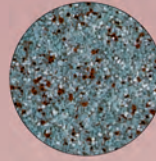

- Kitchen Areas
- Freezers/Coolers
- Cook/Chill Areas
- Prep Areas
- Cafeterias
- Sanitize/Wash Areas
- Storage Areas

stands up to the heat and oil around fryers, is slip resistant in wet areas, great looking to you and your customers, all while being durable and easy to clean. Our complete line of floor systems has you covered. When it comes to your floor, one size doesn't fit them all.

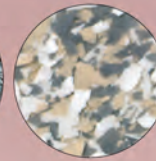

You need a floor system that is designed to meet the demands that are unique to each area. Your kitchen says you care about the quality of what you prepare and serve, let us help you showcase it.

Contact us for information about performing site surveys or evaluations. We are here to answer your questions and help you find solutions for your floor coating needs.

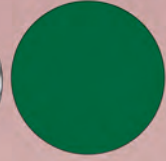

Available in versatile styles & color blends

QUARTZ
